

# Important Installation Information

This MSA1000 Small Business SAN or HA Upgrade kit comes with easy-to-use installation and configuration tools that provide everything you need to quickly set up your SAN.

The following items are included in this kit:

- ***HP StorageWorks Modular Smart Array 1000 Small Business SAN Kit Installation Instructions***—This poster guides you through the installation and configuration process.
- ***HP StorageWorks Modular Smart Array 1000 Small Business SAN Software Kit***—This kit contains the HP Small Business SAN Software CD (installation wizards and software) and the HP Small Business SAN and HA Documentation CD.

Use the above items to set up and configure your SAN.

Retain the Setup and Management kit shipped with the MSA1000. This kit contains additional management software and MSA1000 documentation.
